DIXIE PRESENTATIONS

Speaker Topics and Times 2018

All 4 presentations are Open to the Public and FREE

Friday, 2:00-3:30 pm. Mahlen and Brenda Petry. "Species: The Wild Children of the Family."

The Petry's own and operate the Violet Gallery in Pennsylvania. They grow all sorts of African violets for sale at shows, but they are the best place around to obtain species. They'll be selling again at the Dixie Convention this year.

Friday 3:30-5:00 pm. Robby McMeel. "Packing for Travel: The Plants Not the Clothes."

Robbie manages to get huge, gorgeous Gesneriads to shows with all their stems and leaves intact. He'll be demonstrating how he does it.

Saturday 11:00-12:30 pm. Mary Jo Modica. "My Brief but Spectacular Encounter with Chinese Gesneriads."

Since retiring, Mary Jo's horticultural experience has allowed her to work at botanical gardens in Ecuador and China, teaching about growing and propagating Gesneriads. Her power point presentation will the focus on Gesneriads native to China.

Saturday 1:30- 3:00 pm. Betty Ferguson. "Dish Gardens Are Easier Than You Might Think."

Long, long ago in the days of childhood and science fairs, Betty became enchanted with miniature gardens. She'll be constructing a dish garden and sharing ideas to enhance your own mini gardens.

Betty Ferguson is presenting the most wonderful line up of speakers. I know you will want to attend all of the presentations.

“Violets Dance Across Dixie”

Whether do-si-doing in a barnyard hoedown or performing en pointe, dancers across the South are every bit as exuberant and beautiful as the violets that dance across Dixie.

Section X – Interpretive Flower Arrangements

Designs using cut African violet blossoms. Fresh cut, dried, treated, painted, colored plant materials, and man-made materials are permitted. National flags (or facsimiles), artificial plant materials (including fruits and vegetables), and live creatures are not permitted. Draping and backdrops are permitted in niches, unless restricted by the class. Accessories and bases are optional. Sides of niches may not be used by exhibitors.

Class 75. “Do-si-do” - A figure in square dancing where two dancers approach each other and circle back to back, then return to their original positions. Swing your partner with a flower arrangement emphasizing the spiral twist of the do-si-do. Staged in white niche 20” high by 15” wide by 7 ½” deep (12” may be used for depth of niche). Limit 4.

Class 76. “Waltzing Along” – A refined, classical ballroom dance with partners moving in flowing series of three steps. A flower arrangement incorporating a triple element. To be staged in a white niche 20” high by 15” wide by 7 ½” deep (12” may be used for depth of niche). Limit 4.

Class 77. “Cirque du Soleil” – Brightly costumed dancers seem to defy gravity in this traveling extravaganza. An exotic, suspended flower arrangement that will be

staged in a white niche 28" high by 23" wide by 11 ½" deep (15" may be used for the depth of the niche). Limit 4.

Class 78. "The Robot" – Dancers create the illusion of being controlled by motors that work in abrupt stops and starts. A flower arrangement incorporating decorative technological parts ala steampunk. Staged in a white niche 28" high by 23" wide by 11 ½" deep (15" may be used for depth of niche). Limit 4.

Class 79. "Slow Dancing" - The tender, first dance we learn. A small flower arrangement suggesting the corsage given by a high school sweetheart at the prom. Staged in a white niche 8" X 8" X 8". Limit 8

Staged in a white niche 20" high by 15" wide by 7 ½" deep (12" may be used for depth of niche). Limit 4.

Class 82. Quick-quick, Slow, Slow – Put on your dancing boots and give the Texas Two Step a try. A plant arrangement with a country-western theme. Staged in a white niche 20” high by 15” wide by 7 ½” deep (12” may be used for depth of niche). Limit 4.
