| Setup | Everyone |
| Clean-up | Everyone |

Officers

President - Sharon Gartner
First Vice President - Cathy Carter
Second Vice President - Sandra Brinson
Recording Secretary - Shirley Peck
Treasurer - Carol Hixenbaugh

Rules for Horticultural Division

1. Only members of Heart of Jacksonville African Violet Society are eligible to enter exhibits in the show.
2. Members bringing sale plants must participate by entering plants or volunteering their time during the show.
3. This show will be merit judged per AVSA rules set forth in the AVSA Handbook for African Violet Growers, Exhibitors, and Judges, which will be the authority for cases not covered by specific rules in the schedule. Only accredited AVSA Judges will judge exhibits and their decision is final.
4. Entries (including all Design entries) must be made on Thursday March 22nd, from 12:00 p.m. to 6:00 p.m. according to pre-announced schedule. Finishing touches ONLY to Design entries may be made Friday, March 23rd between 7:00 and 8:00 a.m.
5. All exhibitors must report to the Classification Committee during the designated hours. Entry sheets must be filled out ahead of time, **in pencil**, and presented to the Classifications Committee. Any corrections in the name of the plant will be made at that time. The Classifications Committee will make corrections to the sheets and hand them to Entries Committee. Entries will print the cards and name tags and hand them back to the exhibitor. The exhibitor will be given the name tag to place on the plant and the entry card. The plant with name tag and card will then be passed to the Placement Committee, to be placed in the proper section and class on the show tables.
6. If exhibits are entered by someone other than the owner, the name of such person must be listed on the back of the entry card.
7. Judging will begin promptly at 9:00 a.m. on Friday, March 23rd. Only Judges, Clerks, Judges Chair, Show Chair and Classifications Chair are permitted in the show area during judging. All plant material must be clean and free of insects and diseases. All entries, including sale plants, will be inspected by Classification or Plant Sales chairs.
8. Supports or collars under foliage will not be permitted, except for, hanging baskets and other Gesneriads. Moist-Rites and Oyama pots are permitted but Dandy pots are not allowed. All other pots must be round and slip-potted with clean, similarly colored, plastic, neutral tone (white, green, black etc.) pots. Slip-potting means dropping the pot containing the plant into a clean pot of the same or just a fraction-larger-sized pot. To prevent leakage, plastic wrap must cover any holes in the inner pot. Exhibitor # and name of the plant should be placed where it will not show. Only trailers, trailing species and other Gesneriads, may be exhibited in the containers in which they were grown, but pots must be clean and neutrally colored. Drain holes must be sealed, in an inconspicuous way, to prevent leakage.
9. Protective covers, mulches and unobtrusive stakes are permitted for Gesneriads, other than African violets. Gesneriads entered in Classes 41, 42, and 43 must have some special quality of foliage, coloring, texture, growth habit, etc., and not be just a Gesneriad out of bloom. Seed pods are acceptable on other Gesneriads when decorative but should be in sufficient number to indicate that they are purposely retained.
10. All African violets #must be in bloom. All specimen plants must be single crowned plants except those which do not grow in the classic rosette form, such as species, trailers, and other Gesneriads.
11. All plants must have been grown by and in the possession of the exhibitor for at least three months prior to the show, except those used in the Design Division.
12. Exhibitors may make more than one entry in the Horticulture Division Classes, providing each is a different variety. The Classification Committee may combine or divide classes where number of entries warrants.

13. Only AVSA members in good standing are eligible to enter AVSA Collection Classes. Current year's AVSA membership card must be presented at time of entry. Only one collection in each class per exhibitor is permitted. A collection will consist of three different registered African violets of the same type, with registration numbers included on the entry sheet. Each plant will be point scored and awarded ribbons as merited. Blue ribbon plants are eligible for other awards.
14. Violets entered in the Unusual Container Class 28 will be merit judged and must have been in the exhibitor's possession for at least three months, but not necessarily planted in the container for three months. The entry need not suggest the show theme. Only one entry per exhibitor in this class.
15. Classes 26 and 27, seedlings and sport mutation classes, must not have been shown at a prior HJAVS show. Seedlings must have been originated by the exhibitor, or the right to them must have been released in writing by the originator to the exhibitor. Plants grown from purchased seed are the property of the grower, and it is not necessary to obtain permission from seed's producer. Sports or mutants will be exhibited as "Sport of _____". If it has been named, the name will follow in the parentheses.
16. Only blue ribbon exhibits will be eligible for special awards. There will be Best in Class ribbons. The AVSA Gold and Purple Rosettes will be awarded to the Best and Second-Best AVSA Collection in Classes 1 and 2. The DAVS Best and Second-Best collection ribbons will be awarded in Classes 3 and 4. Each plant in all collections must score at least 90 points to qualify. Sweepstakes Awards will be given to the winners of the most blue ribbons in the Horticulture Division. In case of a tie, red then white ribbons will be counted.
17. The show will be open on Friday, March 23rd from 12:00pm until 5:00pm and Saturday March 24th from 10:00am until 4:00pm. Sold show plants may not be removed before 2 pm on Saturday.
18. HJAVS will provide all reasonable protection to exhibits but will not be responsible for any damage or loss.

Rules for Design Division

19. An exhibitor may have only one entry in each class. All entries must be included in the member entry sheet provided to the Classification Committee.
20. The American flag, state flags, flags of other nations, plants on the endangered species list from any state or nation, artificial plant material, and creatures living, or dead are not permitted in any design exhibit.
21. African violet plants and other plant material used need not have been grown by the exhibitor.
22. All entries in the Design Division must have a 3"x5" card listing the African violet varieties and other plant material used. A subtitle or written interpretation of the design may be provided on a separate 3"x5" card, but is not required.
23. All designs must be the creation of the exhibitor and must be entered and placed by the exhibitor.
24. To assist in staging, reservations for the Design Division must be made by March 15th. Reserve space by calling Sharon Gartner 536-4182.

Horticulture Division

SECTION I. COLLECTIONS

Class 1. AVSA Collection Standard. A collection of three different AVSA registered standard varieties of the same type: 3 single-crown or 3 trailers or 3 different species, regardless of type.

Class 2. AVSA Collection Semiminiature and Miniature. A collection of three different AVSA registered varieties of the same type: 3 single-crown miniatures, 3 miniature trailers, 3 single-crown semiminiature, or 3 semiminiature trailers.

Class 3. DIXIE Collection Standard. A collection of three different DIXIE registered standard varieties of the same type: 3 single-crown or 3 trailers regardless of type.

Class 4. DIXIE Collection Semiminiature and Miniature. A collection of three different DIXIE registered varieties of the same type: 3 single-crown miniatures, 3 miniature trailers, 3 single-crown semiminiature, or 3 semiminiature trailers.

SECTION II. STANDARD SPECIMEN PLANTS, ANY TYPE BLOSSOMS, GREEN FOLIAGE

- Class 5. Solid color
- Class 6. Two-tone
- Class 7. Multi-colored
- Class 8. Edged
- Class 9. Fantasy
- Class 10. Chimera

SECTION III. STANDARD SPECIMEN PLANTS, ANY TYPE BLOSSOMS, VARIEGATED FOLIAGE

- Class 11. Solid color
- Class 12. Two-tone
- Class 13. Multi-colored
- Class 14. Edged
- Class 15. Fantasy
- Class 16. Chimera

SECTION IV. SEMIMINIATURE SPECIMEN PLANTS, ANY TYPE BLOSSOMS, AND FOLIAGE

- Class 17. Solid Color and two-tone blossoms, any color
- Class 18. Multi-colored and Edged
- Class 19. Fantasy and Chimera

SECTION V. MINIATURE SPECIMEN PLANTS, ANY TYPE BLOSSOMS, AND FOLIAGE

- Class 20. Solid Color and two-tone blossoms, any color
- Class 21. Multi-colored and Edged
- Class 22. Fantasy and Chimera

SECTION VI. TRAILERS AND SPECIES, ANY TYPE FOLIAGE AND BLOSSOMS

- Class 23. Standard Trailer
- Class 24. Semiminiature and Miniature Trailer
- Class 25. Saintpaulia species and natural hybrids

SECTION VII. NEW CULTIVARS (See rule #15)

- Class 26. Seedlings
- Class 27. Sports or mutants

SECTION VIII. AFRICAN VIOLET PLANT IN UNUSUAL DECORATIVE OR NOVEL CONTAINER (See rule #14)

- Class 28. One African violet plant or trailer, either standard, miniature or semiminiature planted in a decorative container.

SECTION IX. SPECIAL CLASSES

- Class 29. Vintage violets (over 25 years, before 1993)
- Class 30. Wasps
- Class 31. African Violets grown in natural light
- Class 32. Novice HJAVS members who have never displayed in horticulture (Novices may also enter in other classes)
- Class 33. Project Plant

SECTION X. GESNERIADS OTHER THAN AFRICAN VIOLETS (See rules #8 and #9)

- Class 34. Miniatures, any type
- Class 35. Tuberos, blooming
- Class 36. Rhizomatous, blooming
- Class 37. Streptocarpus, blooming
- Class 38. Episcia, blooming
- Class 39. Primulina blooming
- Class 40. Other Gesneriads Fibrous-rooted, blooming
- Class 41. Episcia grown for ornamental foliage, non-blooming (See rule #9)
- Class 42. Primulina grown for ornamental foliage, non-blooming (See rule #9)
- Class 43. Other Gesneriads grown for ornamental foliage, non-blooming (See rule #9)

SECTION XI. SPECIAL EXHIBITS

- Class 44. Education and AVSA information Exhibits
- Class 45. Staging Focal Point

Design Division
“Cheers for 25 Years”

SECTION XII. **INTERPRETIVE PLANT ARRANGEMENT**

Each exhibit in this section is a design using one or more **African violet plants**, removed from their pots, with the root balls encased in plastic or some other material. Dried, treated, painted, colored and fresh-cut plant materials, are permitted. Man-made materials that do not simulate plants are permitted. However, artificial plant material, live or dead creatures and national flags are not permitted. Accessories, backdrops and/or draping are permitted unless restricted by a class description. Sides of niches (where applicable) may not be used.

Class 46. **Anniversary Celebration** – Thriving for 25 years requires a grand celebration, so plan a Silver Jubilee party to remember! A blooming plant arrangement in a white foam board niche 27.5” high by 20” wide by 9.5” deep (15” may be used for the depth of the niche).

Class 47. **A Toast to Growing** – Offering heartfelt acknowledgment and thanks for the contributions that collectively keep us growing. A non-blooming plant arrangement in a white foam board niche 27.5” high by 20” wide by 9.5” deep (15” may be used for the depth of the niche).

SECTION XIII. **INTERPRETIVE FLOWER ARRANGEMENT**

Each exhibit in this section is a design using **fresh cut African Violet blossoms**. Dried, treated, painted, colored and fresh-cut plant materials, are permitted. Man-made materials that do not simulate plants are permitted. However, artificial plant material, live or dead creatures and national flags are not permitted. Accessories, backdrops and/or draping are permitted unless restricted by a class description. Sides of niches (where applicable) may not be used.

Class 48. **Tiny bubbles in the wine**- Make me happy; make me feel fine; Tiny Bubbles make me feel warm all over! An underwater design of the designer’s choice. Staged at eye level, viewed from the front only. Not to exceed 12” in any direction. No backdrop or underlay allowed.

Class 49. **Silver Moon** – Many attributes of the silvery moon evoke great beauty: its shape, color, reflection, beams, etc. Create an arrangement using African violet flowers in a white foam niche 14” high by 10” wide by 5” deep. (10” may be used for the depth of the niche)

SECTION XIV. **CONTAINER GARDENS**

Each exhibit in this section is a miniature landscape with one or more blooming African violet plants and other growing material. All plants must be planted within the container. No cut plant material, artificial plant material, cacti, succulents, live or dead creatures, or national flags are permitted. Accessories and landscaping elements are permitted. No decorative bases are allowed.

Class 50. Terrarium - Planting under glass

Class 51. Dish Garden - Planting in a dish

Class 52. Natural Garden - Planting in a natural container
